SKILL SET

• Languages

Java, JavaScript,
C/C++, Python

• Tech

NodeJS, Express,
MongoDB,
mySQL

• Tools

Bash Scripting,
Git, Vim

• Markup

HTML5, CSS3,
Markdown

• Design

Premiere Pro,
Illustrator,
After Effects

EXPERIENCE

• Web Developer

robxu.me | Dec. 2016 - present

- Built personal site featuring responsive, UX design, JS animations/sounds

• Embedded Systems Engineer

Waterloop | Sept. 2016 - present

- Working with Arduino and Java in creating a functional drive train system and user interface for Waterloo's SpaceX Hyperloop team

• Certified Java SE 8 Programmer

Oracle | Aug. 2016

- Received Oracle Java SE 8 certification by demonstrating experience working with Java platforms and technologies

• Research Assistant

MIT | May 2016 - Aug. 2016

- Enhanced python-based pattern recognition neural network that predicts synthesis of novel materials using data from materials science papers

• Web Developer/Marketing Intern

Medmodo | Aug. 2015

- Maintained and developed company website using PHP, HTML, CSS
- Designed promotional graphics with Illustrator, increased user base by 200%

• Marketing Director

Science Expo | Aug. 2014 - June 2015

- Built website infrastructure and design
- Led national marketing team, organized annual conference at the Ontario Science Centre
- Deployed monthly newsletter - maintained mailing list of > 1000 subscribers

• Assistant Director of Technology

TEDxRichmondHill | Sept. 2013 - May 2013

- Maintained website infrastructure and database of conference attendees

PROJECTS

• EmployHer | Dec. 2016

- Built job listings webservice that allows users to post listings straight from SMS text using Twilio API, NodeJS, Firebase

• Internet Thoughts | Nov. 2016

- Used Node.js, Express, and Twitter, Reddit, Tumblr API requests to build a sentiment analysis web-engine that returns how positively or negatively the internet thinks about a topic

• Shooter Pong | Aug. 2016

- Designed game of Pong on the browser with AI, scaling difficulty, scores
- Used Paper.js for animation and Howler.js for in-game sounds
